

2016 CORPORATE NEWSLETTER ORDER FORM

The Churchill Consulting **quarterly** newsletter service will keep you current with the changes in coding terminology, providing you with the newest rulings in regard to utilization and documentation guidelines in radiation oncology.

Corporate Newsletter: A **Corporate Newsletter** subscription is available for **corporations, billing companies and vendors** who are interested in staying current with coding. The corporate subscription provides full access to all Newsletters within the subscription period. **Corporate subscribers are allowed to share the information within the organization (sales team); note that the Newsletter may not be distributed to persons outside of the subscribing organization.**

Corporate Q&A: Corporate coding support is available in addition to the Newsletters. A 'Corporate Q&A Account' will be established on the Churchill Consulting, Inc. web page and the subscriber can direct persons of their choice to submit coding questions. The responses to all coding questions will be entered, resulting in a complete Q&A forum that can be viewed by those who provide the information. This provides your company with a venue to ask coding questions that are answered by Churchill Consulting, Inc.
